

**14.4V Brute Tough™ 1/2" Cordless Hammer Drill/Driver
Model 13614-2G**

Turn hammer on and off without changing clutch setting
Great choice when looking for weight-to-power
advantage...now with BLUECORE™ Battery Technology

Features:

- Steel-reinforced collar** Enhances durability and protects tool when dropped on the chuck
- Unibody powertrain** Maintains alignment between clutch, gearbox and motor for the most durable drivetrain system on the market
- DuraShield™ housing** Constructed to withstand real world conditions
- Highest Torque available** Powers through the toughest applications with 500 in.-lbs. of torque
- Two-speed gearbox** 0-450 RPM/1-1,500 RPM and 18,000 BPM
- Externally changeable brushes** Can be replaced in as little as 2 minutes
- Ratcheting, single-sleeve 1/2" chuck with carbide teeth** For one handed bit changes

Includes:

- (1) -- Carrying Case - 2610915779
- (1) --30-Minute Single Bay Charger - BC130
- (2) -- 2.0A-h Battery - BAT140
- (1) -- Bit Holder - 2608040208
- (1) -- Double-ended Bit
- (1) -- Side Handle - 2602025126

Specifications:

Model Number	13614-2G
Voltage	14.4V
Battery Amp Hour	2.0
No Load RPM	0-450/0-1,500
No Load BPM	18,000
Torque (in. lbs.)	500
Chuck Capacity	1/2"
Clutch Settings	15
Weight (lbs.)	6.2
Battery/Charger	30-Minute Single Bay Charger
Category	Cordless Hammer Drills
Model Number	13614-2G
Voltage	14.4V
Battery Amp Hour	2.0
No Load RPM	0-450/0-1,500
No Load BPM	18,000
Torque (in. lbs.)	500
