

Mirage Stamp Overlay System

The Mirage overlay re-surfacing system is ideal for any type of old concrete surface, such as pool decks, casinos, hotel lobbies, shopping malls, restaurants, walkways, driveways, office buildings, airports, patios, resorts, etc. Mirage can be used on both commercial and residential projects anywhere in the world.

Mirage system can make your old concrete surface look like new and is offered in several different colors. By using the Texturing Stone, Ashlar Slate, or California Fieldstone stamping tools, you can achieve several different looks with this system. You can cut the surface into various designs such as slate, stone, diamonds, squares, circles, and borders. Colored water-based dyes or colored patina stains can also be used to enhance your projects.

This system is environmentally safe and can be installed without tying up areas for long periods of time, unlike traditional stamping. Mirage is cost effective and requires little or no maintenance.

Mirage Material List

Item # / Description

OLM-401 Mirage Easy-Use Polymer Overlay Kit, White

OLM-401A Mirage Easy-Use Polymer Overlay Kit, Gray

Polymer overlay kits consist of 50 lbs. of specially formulated dry mix, together with one gallon jug of Resibond A. Simply pour Resibond A into a separate 5 gallon container, gradually add any liquid colorant if applicable and slowly add dry mix to bucket while using a drill and plunge mixer to blend at slow speeds. Coverage of approximately 20-25 sq. ft. depending on thickness.

OLM-403 Mirage/Re-Do-It Primer (5 gal./18.9 liters)

Coverage: 1000 sq. ft. when applying two coats.

OLM-404 Liquid Release Agent (5 gal./18.9 liters)

Coverage: 750-1000 sq. ft., depending on weather conditions

OLM-405 Patina Colored Stain, 1 gal. (3.78 liters)

Coverage will vary according to how it is cut. May cut up to 30 times with cutting solution. Available in the following colors :

Cape Blue, Onyx Black, Decatur Buff, Peale Green, English Amber & Coffee Brown.

OLM-406 Sealant WB 6000

Coverage will vary depending on weather. Two-coat system will cover approximately 750-1000 sq. ft.

OLM-407 Liquid Colorant, 1 Quart (.95 liters)

Available in the following Vibrant Colors:

Raspberry (White Mix) / Mauve (Gray Mix)
Sandstone (White Mix) / Autumn Brown (Gray Mix)
